Jon T. Barnard is a United States Naval Veteran, a retired member of multiple color guards, and a retired commander of the Port 5 National Association of Naval Veterans Firing Squad. He has fought metastatic Prostate Cancer for 13 years. He was always grateful to Swim Across the Sound for their assistance when he was out of work, to pay bills.

Through this swim, Jon and family, along with Velo-CT, would like to replenish funds so that someone else can get the important help they need.
